

THE LEAD AND COPPER CHAIN OF CUSTODY FORM

It is important that you correctly and completely fill out the Chain of Custody Form that will accompany the containers. Enclosed is a Chain of Custody Form showing how to fill it out correctly; please use it as a model. There is also an information sheet on Lead. **These documents are now available in electronic form on our website at:**

<http://dnr.mo.gov/env/wpp/monitoring.htm>.

Missouri Department of Natural Resources NOTICE FOR WATER SYSTEM OPERATORS

You may return lead/copper containers to the DNR lab via the Department of Health and Senior Services (DHSS) contract courier service at no charge!

This is the same courier service that many public water systems use to deliver their monthly routine total coliform rule (TCR) samples. A listing of courier drop off sites can be found at:

<http://dnr.mo.gov/env/wpp/pdwb/docs/courier-list.pdf>

If you have any lead & copper rule sampling questions, you may contact:

Lead and Copper Rule Manager

Phone: (573) 751-1406
